Amazing Views of the District

One of the few finds on John Street that combines the convenience of locality and the amazing views of the rural aspect of The Oaks on just under a quarter acre block (approx. 1080 sq. m).

This property boasts a cleverly elevated 4 bedroom home with study, formal lounge and informal kitchen/dining with ducted air conditioning throughout, opening to the deck and the alfresco area that take in the immaculate views of the rural landscape of The Oaks, while looking down on to your in-ground swimming pool and beautifully manicured backyard.

Downstairs you will find a spacious double garage that can be used as a rumpus area or as additional space for any cars and toys along with the enormous carport that can be found on the other side of the double doors.

A real opportunity to secure a property that can rarely be found in this market.
