Gary acted in a professional manner from our first meeting. However, it was his enthusiasm and genuine interest in having the opportunity to sell our beloved home, coupled with his self-belief (humbly demonstrated) that gave us the confidence in him and his ability to achieve our price goal. Smaller factors such as promptly returning calls, listening and responding, having a consistently positive attitude and presenting himself as a professional, all contributed to our overall satisfaction.

Gary, with this sale, has made two families very happy; congratulations!
