Testimonial from our happy Vendors!

Dear Charlie,

Des and I would just like to thank you for your excellent service provided in selling our home. We were over the moon with the price you were able to achieve for us, it was way beyond expectations and we can't thank you enough. When Des and I decided to put our home on the market we had no hesitation in giving you a call. Your presentation in advertising our home was second to none. We highly recommend anyone selling their property to give you a call at United. The price you achieved will be a life changing experience for us. Once again "THANK YOU".

Des & Lucy Smith

50 Overett Avenue, Kemps Creek

When Des and I decided to put our home on the market we discussed what agent we were going to ring. United was the first one that came to mind because they have been so successful in selling in our area. We spoke about Charlie and thought if anyone could sell it and get our price that we wanted Charlie could and that is exactly what happened. We were very happy with the result that he achieved, and we would have no hesitation in recommending United to anyone selling their home.
