What Our Clients Say About Us:

We listed our house for sale with United Realty and requested we deal with Tanya Novek due to the number of listings we had seen her successfully manage in our suburb of Ellis Lane.

It became apparent soon after listing our house that the market was receding and whilst our home always generated interest buyers weren't forthcoming.

Tanya was always honest and open with us providing guidance on pricing and marketing. She would always keep us informed with feedback from open homes and when we were close to a sale, ensured we had a full understanding of the progress. In the end Tanya was able to generate buyer competition ensuring we sold for a price within our range.

Tanya's commitment to us as vendor was outstanding. Having sold other properties with different agents in the past and not being satisfied with the service and treatment we received, Tanya always had our best interests at heart.

I would highly recommend Tanya Novek to anyone considering placing their home on the market with the knowledge that their property sale is in good hands.
