We have nothing but praise for Shane Brown on the sale of our house. Shane showed true professional throughout all aspects of selling our home and we could not be happier.

Shane gave us updated information and kept in contact constantly throughout the sale from the marketing to the open home and we were very happy with the outcome. All our phone calls were answered along with any questions we had. Selling your home can be a daunting task but Shane made us very comfortable and at ease knowing the sale was in such good hands.

We had both Shane and Sarah present during our open home and they were prompt, friendly and gave us feedback they received from the prospective buyers which we found extremely helpful.

We would have no trouble at all in recommending Shane to anyone who would like to sell their home.
