I am one of three sisters who sold our parent's home, but just as important, it was our family home and it was priceless to us all. As this was a Deceased Estate our hearts were broken in having to sell a beautiful family property and Melinda treated our sadness with respect but a determination that we would all be happy with.

As soon as United Realty was given the contract and Melinda was appointed our agent she immediately got to work with a no nonsense approach and within three weeks of our property being placed in her hands she had it sold before Auction day and did so with updated communication with us as her clients but also with the people buying our property.

Melinda did this with skill and professionalism, and I can only speak for myself, but I would have no hesitation in my recommendation to other people in the same position as my sisters and I and in fact I have already done so.
