Tanya was a great negotiator who achieved the sale of our property in three days. She obviously worked hard, to negotiate the selling price which was above the amount we expected.

She has been most helpful throughout the whole selling period. Always listened to our requirements and always followed up with any requests regarding the sale.

It was a pleasure to meet her and we are most appreciative of all her hard work regarding the sale. Would not hesitate to recommend her to others wishing to sell or buy a property.
