Amazing client management & great sale price - under offer in less than a week!

Selling our family home after 34 years was always going to be a daunting prospect but thankfully Tanya was a friendly reassuring, and steady hand leading the whole process. We got a price that we're happy with, even despite the impending wariness of the market - certainly a better outcome than expected!

Tanya was incredibly supportive and down to earth, always ready to take our call, and clearly committed to getting the best outcome for her client. She provided both great advice about elegant, tasteful and relevant staging, and constructive input for the improvements that were necessary and worth investing in, all while managing our expectations for the final outcome.

The whole process was very smooth and transparent, and our property was barely on the market for a week when we accepted our offer.

Tanya made it all possible.

Seamless Process

Tanya was a great help through the buying process and took the time to explain the different stages and requirements of the buying process to me. She was helpful in gaining access to inspections and communicated well.

The whole process was seamless and she was personable and lovely to work with too.
