Professional & Friendly

Ed & Wayne came up with a marketing strategy, I put my trust in their professional experience. Once we started putting the marketing strategy together, they had already created interest in the property. The interest created an offer which reached the desired price and in 3 days our house was sold.

Wayne has been very helpful with the final sale of the property, always keeping me up to date as well as the lucky purchasers.

Thankyou Ed and Wayne. Great honest men!

Anthony Mangafas

Vendor

Thirlmere

Invested significant time after hours to open the home for us when we had to do additional inspections without a hassle, was easy to work with and made the process seamless.
